  - (8) If a Firm which is a member is called on or has occasion to appear before a Section Committee or a Committee of the Central Council, such Firm shall be represented by one of the Members of that Firm.
  - (9) In the event of a partnership Membership wishing to dissolve such partnership the existing Members of that Firm may submit to the Section Committee concerned any proposed agreement, signed by all the partners, as to the apportionment of dissolution of the established rights to grounds or positions held by that Firm. The Committee shall then have power to

- (e) A member who is actively concerned on behalf of a partnership or Company (which is not a member of the Guild) with the taking or letting of Fairgrounds attended by Members of the Guild shall be responsible for breaches of any rule relevant to such taking or letting.

Where such business is so carried on without an application for Membership being made, the rights and privileges formerly held by the deceased member shall only remain in force for a maximum period of 18 months from his death subject to the payment of the appropriate Guild subscription. In the event of such member of a deceased person's family or such partnership being so elected, the Section concerned shall have the right in its absolute discretion, subject to the right of appeal to the Central Council as hereinafter provided, to grant to such member of such deceased person's family or such partnership the same rights and privileges as to retaining fairgrounds or positions at fairs or otherwise as such personal representative would have had if he had remained a full member and continued to carry on the said business.
- (c) Where by the rules or bye-laws any restriction is placed on a member competing or interfering with the business of any other member, such restriction shall apply to competing or interfering with the business carried on by a personal representative or member or Members of the deceased person's family to whom such rights as aforesaid have been granted under this Rule as if the Membership of such personal representative or member or Members of such deceased person's family was a continuation of the Membership of such deceased person.
- (d) If any member is dissatisfied with a decision given by a Section under this rule as to the granting of rights he shall have the right at any time within

- (e) In the event of a body corporate being a personal representative such body corporate may nominate an individual to represent it and such individual shall for the purposes of this rule be treated as if he were such personal representative for the purpose of attending meetings or voting.
- (f) If there is more than one personal representative of a deceased Members estate who continue to carry on his business such personal representatives shall be treated as a partnership firm of which the personal representatives are the partners.
- (g) For the purposes of this rule the Members of a deceased person's family are the husband, wife, children, brothers and sisters of such deceased person.

**(h) Transfer of Rights.**

- (1) If a full member of the Guild wishes to transfer his rights and privileges enjoyed by him because of his Membership of the Guild, or granted to him under Rules 7 a. or 7 b. to another member, the Committee of the Section concerned shall have the power on application to approve the transfer of such rights and privileges, provided that any such application shall be made not less than six weeks before the date of the Fair concerned unless the Section Committee in the circumstances of the case, deem a lesser period before the said date to be reasonable.
- (2) The Section Committee shall advertise in "The World's Fair" or other Guild approved system all applications made under this rule at the cost of the applicant of £25.00, and may take into account any representations received provided that any objections to the proposed transfer must fall within the list of acceptable reasons in (3) below. Any such representations should be made available to the parties to the proposed transfer to allow them to reply to any objections made. In particular they may take into account whether or not the proposed transfer has approval or otherwise of the Lessee concerned, provided that the Lessees; objections must fall within the list of acceptable reasons in (3) below. Unbroken line at left denotes rules under which complaints can be laid, subject to Section Bye-laws. However, members are advised the unbroken line is not exhaustive and they may wish to quote other rules or Bye-laws when laying complaints which do not have an unbroken line appearing against them.

- (v) The proposed Transferor/Transferee has outstanding fines/expenses owing to Central Office or any Section of the Guild.
- (4) That for the purpose of the transfer, provided that the Preservation of Rights has been granted according to Rules 23 b. (1), (2), (3), (4) and (5), the ground in question can be transferred.
- (5) The member making application for transfer of rights and privileges on non member Lessee grounds shall produce to the Section Committee concerned written agreement to such transfer from the non-member Lessee. It shall be the responsibility of the applicant to obtain such consent but the Section Committee shall have the power at their discretion to take any steps to assist.

When any representations are received by the Section as a result of the advertisement they shall be first made available to the applicant (subject to any applicable redactions on grounds of protecting confidentiality) and then considered by the Committee concerned.
- (2) The applicant shall appear before the Section Committee at such times as such application for Membership is being considered by such Committee. The Section Committee, at their discretion, may dispense with the written application for Membership under Rule 7, a, or b, of a widow or widower of a deceased member.

In cases where established rights are recognised, an additional fee may be charged which reflects the value to the member of that retrospective recognition (see (8) below for general entrance fees). Fees charged for retrospective recognition of Established Rights for an applicant for membership must be objectively based upon what a member is likely to gain financially through access to the economic benefits that Guild membership brings and must be assessed accordingly.
- (5) As soon as the Committee has considered the application, but in any event no later than 14 days following the Committee's next meeting (not to be unreasonably delayed) after receipt of the application, it shall, together with any conditions the Committee deems fit to recommend pursuant to sub-section (3) of Rule 8(g), be placed before the Members at their next meeting, who may approve or reject it.   - (b) The unsuccessful applicant shall not be required to pay any fee or deposit in respect of an Appeal under this rule.

- (10) Should a member be desirous of transferring his Membership from one Section to another an application to do so must be made upon the official Transfer Form and shall be made to the Secretary of the Section of which he is a member and to the Secretary of the Section which he desires to join. When received it shall then be advertised in "The World's Fair" by the Secretary of the Section of which he is a member stating the full name and address of the applicant together with the Section to which he wishes to transfer (the advertising fee to be paid by the applicant) for two weeks, before it can be considered by the two Sections concerned.

- (c) The complaint shall state:
  - (1) The name and identity of the member complained against (the complainant may request the full name and Guild number of such member from the Section Secretary when applying for the form, or he may inspect the register of Members kept at the Section Office). However, when a complaint is laid against a Section Committee in their capacity as Lessee (as laid out in Rule 23.a. (8)) it will be sufficient to name the relevant Section only.
  - (2) When and where the cause of complaint arose.
  - (3) The number and clause or any sub clause(s)/paragraph(s) of the Rule and/or Bye-law alleged to be broken.
  - (4) The reason why it is considered that a breach of such Rule and/or Bye-law has occurred.

  - (1) dismiss the complaint or
  - (2) order that the complainant amend his complaint, and adjourn the hearing subject to the complainant paying such expenses, if any, as the Committee think fit.

If they consider the member complained against has not been so prejudiced they shall proceed to deal with the complaint.

- (e) The Appeals Committee and Tribunal on the hearing of an appeal or Reference shall have power to alter or reverse any decision of the Section Committee taken under sub-rules b., c. or d. above whether or not the matter is expressly referred to by either party to the appeal.

- (g) Hearing of Complaint by another Section

The decision of the Appeals Committee on such application shall not be the subject of Appeals to the Appeals Tribunal.

- (2) Where a Section Committee appointed by the Appeals Committee under this sub-rule to hear complaints made to another Section Committee imposes any fine, such fine shall be remitted to the Section where the complaint originated, except where a complaint is held up against a Section Committee under Rule 23(a) (8) or Section Stewards under Rule 19(a) (7), then section hearing the complaint shall retain the fine. The Section Committee hearing the complaint shall also have power to impose expenses on either party involved in said Complaint as they think fit. Any two of the three principal Officials of the Guild may grant such application and appoint another Section when the matter is considered urgent and the Appeals Committee will not be sitting for two months or more Committee to hear the case, provided that they are satisfied that by reason of the special circumstances of that case the interests of justice so require.
- (h) The deposit shall be refunded if:

  - (2) The Section Committee considers that the circumstances so warrant. The Section Committee may also order that the whole or any part of the deposit shall be retained in part payment of any fine.
- (i) A complaint lodged may be withdrawn on application to the Section Committee, who shall give consent, subject to forfeiture of deposit and payment of expenses as they think fit, unless they consider the complaint affects the interests of Members not involved in the dispute when they shall have discretion.
- (j) A complaint will be dealt with in the Section where lodged unless the complaint is laid against a Section Committee in their capacity as a lessee, as laid out in Rule 23.(a)(8)

- (7) Where the circumstances are such that a Section Committee are by virtue of clause (8) of Rule 23 a. to be treated as if they were a member who is a Lessee, such Section Committee shall also be treated for the purpose of this Rule 21 c. as if they were a member who is a Lessee, and words referring in this Rule 21 c. to such Section Committee shall, for the purposes of such circumstances as aforesaid only, be deemed to be references to the Appeals Committee, and this Rule 21 c. shall, for that purpose only be construed accordingly. **(1) Establishment of Rights**

- (a) Subject to the provisions of these Rules and Bye-laws, a member who has held and occupied ground and/or a particular position at a Fair in the two immediately successive years (or in the immediately preceding year if a Section Committee by Bye-law so provide) shall have a right

(called “an established right of tenure”) to hold and occupy ground or such particular position as the case may be, at that Fair in the immediately following year; save that a Section Committee may by Bye-Law exclude altogether the operation of this sub-clause in respect of any specified floating position or positions within their jurisdiction, and a member (commonly called a “Lessee”) who has held ground for the purpose of holding a Fair and has held a Fair thereon, in two immediately successive years (or in the immediately preceding year if a Section Committee by Bye-law so provide) shall have a right to hold such ground for such purpose in the immediately following year. This Rule shall not apply to private events where members of the public are excluded and the event is held solely for invited guests of the person/organisation booking the funfair entertainment after January 2008.

- (b) Where a Fair which would otherwise be a Fair as defined in paragraph (2) below is habitually held at intervals of more than one but less than four years, a Lessee member who has held ground for the purpose of holding the said Fair for the two previous occasions on which the Fair was held may apply to the Section Committee for an order that he shall have an established right to hold the said Fair on the subsequent occasions (each occasion being not more than three years from the last occasion) on which the Fair shall be held. Such Order, if made, shall apply to his tenant Members who may also apply individually to establish their right. The Section Committee shall advertise in the “The World’s Fair” or other Guild approved system all applications received under this paragraph (b) at the cost of the applicant.
- (c) Such established rights of a Lessee member shall extend to any addition to the existing ground or to any alternative site that may be available for holding the said Fair or any part thereof, and on which established rights do not already exist.

## **(2) Definitions of “held” and “occupied” and “Fair”.**

For the purpose of this Rule:

- (a) a member shall be deemed to have held ground or position at a Fair only if he has held the same with the consent of, or under a contract with the person, whether member or not, who has the right to allow him to hold the same;
  - (1) where a member makes a legitimate move with the approval of the Lessee from his Established position to a new position his Established Rights move with him.
- (b) a member shall be deemed to have occupied ground or position at a Fair only if he has occupied the same with his own equipment as declared and paid for according to the Schedule of Charges, and was not at the time of such occupation, in arrears in payment of the subscription due in respect of such equipment under Rule 8 a. and h. A Section Committee may, by Bye-Law, relax the requirement for a member to occupy an Established position with his own equipment in order to retain Rule 23 Rights.
- (c) a member may preserve his Rights to any ground not occupied, following substitution of equipment where the equipment that occupies the ground is smaller than the position to which the member holds Established Rights to.

- (d) A "Fair" shall mean such a Fair as is, or is proposed to be normally held annually either in the same period in each year, or on a date which is fixed by reference to custom of two or more immediately successive years, Charter, Holiday, Festival or local event. A member shall not alter the date of a Fair so fixed without consent of the Section Committee who may grant such consent for the next occasion on which the Fair is proposed to be held. The Section Committee shall advertise in the "The World's Fair" or other Guild approved system all applications received under this paragraph (d), which shall be submitted not less than six weeks before the proposed date of the Fair, (or such lesser period as the Section Committee may consider reasonable) at the cost of the applicant. Should any member object to an application to change dates they should put their objections in writing within 14 days of the advert and send to the Section Secretary along with a deposit of £25. This deposit to be returned if the objection is upheld. A Fair shall not cease to be a Fair for the purposes of this Rule by reason only of its being moved to a different site, provided that it is a continuation of the same event.
- (3) The nature of the right**
- (a) Where a member wishes to occupy ground or position, or if a Lessee member, to hold ground in respect of which the said member has an established right of tenure, or a right to occupy under any rule or Bye-law, no other member shall take any step to prevent or hinder the said member from so doing, whether by refusing to let the same to him, by accepting any licence therefore, by making any offer or bid for the same, or otherwise howsoever subject as provided below.
- (b) Notwithstanding anything contained in Rule 38 (Definition of Equipment) a member shall be deemed to prevent or hinder another occupying his established position if he refuses space or otherwise hinders the operation of any generating set necessary to the working of equipment on such established position.
- (c) Notwithstanding anything contained in paragraph (a) above, where sidestall footage is required for a fire break under Appendix 5, Sections 12 to 18 of the Guidance on Safe Practice, issued by the Health and Safety Executive in 1997, as amended, Lessees shall have the right to move tenants with established positions on such sideground, up to a maximum distance of three metres, to provide such a fire-break. Tenants whose established sideground footage or any part thereof, if thereby lost, shall have the right to any suitable alternative ground that may be available for letting or may become so available during the next three years, in order to accommodate his full entitlement to footage.

**(4) Defences to a complaint of a breach of Rule 23 a. (3) and the Power to lay a Complaint for Failure to Pay Rent.**

A member shall not be found guilty of a breach of Rule 23 if he shall satisfy the Section Committee that the member whose established right of tenure is alleged to have been infringed:

- (a) had failed to take reasonable steps to safeguard such rights; or
- (b) had sub-let the ground or position in question at the Fair in the preceding year, without the prior consent of the Section Committee having been obtained under clause (6) of sub-rule b. of this Rule, or
- (c) had, without reasonable excuse, failed to pay rent lawfully due from him for the occupation of the ground or position in the preceding year. But no complaint shall be brought against a member under paragraphs (a) and (b) of this clause, save that a Section Committee may by Bye-law

Unbroken line at left denotes rules under which complaints can be laid, subject to Section Bye-laws. However, members are advised the unbroken line is not exhaustive and they may wish to quote other rules or Bye-laws when laying complaints which do not have an unbroken line appearing against them.

provide that the sub-letting of ground or position without the consent of the said Committee shall be an offence, in which event any member to whom ground is sub-let in breach of such Bye-law shall acquire no Right of Tenure in respect thereof, and a complaint may be laid under Rule 17 against the member who so sub-lets.

(1) Leasing as referred to in Rule 8a. (3) is regarded as ownership for the purposes of all Rules.

(d) had no current certificate of fitness for his amusement device.

(e) Failure to pay or accept rent lawfully due shall be an offence.

**(5) Power to deprive a member of established rights of tenure in cases of certain default**

(a) If a Section Committee shall find, on hearing a complaint against a member, that he has broken any of the following Rules, namely:

19 a. (3) (conduct prejudicial to the Guild).

19 a. (5) (unruly conduct)

21 b. (undesirable business)

21 c. (1), (2), (3), (4) (overbidding)

the Committee may instead of, or in addition to, any other penalty, order that the member shall forfeit his right of tenure at the Fair where the breach occurred, or that the year in which the breach occurred shall not count towards the member's establishment of a right of tenure at that Fair, provided they are satisfied that such an order is desirable to safeguard the Fair or the interests of other Members thereat. A member who is proved to have held a Fair or occupied ground or position at a Fair in breach of Rule 23 a. (3) shall not count such occupation towards the establishment of any rights of tenure to that Fair or ground or position; or shall forfeit any such rights as the case may be. A member whose rights are proved to have been infringed shall retain such rights for the following year without any further order.

(b) Where a Landowner chooses to replace an incumbent Fair Organiser and/or any Amusement Operator with Established Rights (an "Incumbent") at the following year's Fair on grounds of the Incumbent's poor performance at a previous Fair, the Incumbent's Established Rights shall not apply so as to prevent his replacement by another showman (a "Replacement Showman"). Poor performance means performance falling below the standards which the Landowner could reasonably expect in terms of (i) the raising of revenue and/or (ii) quality standards (including innovation) and/or (iii) compliance with relevant legislation including but not limited to consumer protection and health and safety legislation. Poor performance is a matter to be judged by the Landowner.

Following the replacement of an Incumbent with a Replacement Showman who is a member on grounds of poor performance, a complaint by the Incumbent against the Replacement Showman pursuant to Rule 17 may only be made on the basis that the Landowner had no reasonable grounds for regarding the Incumbent's performance as 'poor', and the complaint (and any subsequent appeal to the Appeals Tribunal) shall be determined accordingly.

- (6) Occupation of ground by a non-member: effect on established rights**  
If a Fairground or ground or position at a Fair, in respect of which a member has established a right of tenure, shall thereafter be occupied by a non member of the Guild for any period up to five years without the consent of the member concerned, the member concerned may make an annual application to the Section Committee to preserve his rights, and the Section Committee may grant such application if they are satisfied that the member concerned has taken reasonable steps to safeguard his rights, and that such preservation is in the interests of Members generally. If the member concerned has rights as Lessee, any preservation thereof shall apply to all his tenants who had established rights at the Fair, without individual application by them; but they are advised to apply separately so that if the Lessee fails to apply for, or obtain, preservation, their rights may not be lost.

- (7) Substitution of riding devices**  
A tenant member who has an established right of tenure to ground or position at a Fair shall not at any time substitute for any riding device operated by him, on such ground or position in the previous year in which the Fair was held, any other type or description of riding device (or any amusement stall or show) on such position if the Lessee member objects to such substitution, unless he has both notified the Lessee member of his intention, and has applied for permission to the Section Committee, not less than 6 weeks, or such lesser period that the Section Committee may consider reasonable, before the opening of the Fair, and such permission has been granted. Nor shall any tenant member with such established rights to ground or position substitute any riding device for any type of amusement stall or show operated thereon by him in the previous year in which the Fair was held if the Lessee objects, unless the procedure set out above for application to the Lessee and Section Committee has first been carried out and permission has been granted accordingly.

- (1) The Section Committee shall advertise in the "The World's Fair" or other Guild approved system all substitutions made under this Rule at the cost of the applicant of £25.00, and may take into account any representations received. In particular they may take into account whether or not the proposed substitution has approval or otherwise of the Lessee concerned. It is the duty of a member making a substitution to send the Lessee and Section Committee details of such substitution within the time specified above. Should any member object to a substitution they should put their objections in writing within 14 days of the date of the advert and send it to the Section Secretary along with a deposit of £25.00. The deposit to be returned if the objection is upheld.

- (8) Section Committee as Lessee**  
Where a Section Committee have entered into arrangements with a public body or private individual under Rule 14 p. and where their powers and duties under such arrangements are those of a Lessee, such Section Committee shall be treated for the purposes of this Rule 23 a. as if it were in all respects a member who is a Lessee. Should any dispute arise between such Section Committee and another member on any matter in respect of which such Section Committee are to be treated as aforesaid as if they were a member who is a Lessee, such disputes (unless resolved by agreement) shall be referred by either party to the Appeals Committee or to any two of the three principal officers of the Guild who shall appoint another Section to hear the case. Any decision made by the Section Committee in pursuance of this clause (8) shall be subject to such further Appeal by way of a Reference as is provided in sub-rules a. to k. of Rule 20 and in respect

Unbroken line at left denotes rules under which complaints can be laid, subject to Section Bye-laws. However, members are advised the unbroken line is not exhaustive and they may wish to quote other rules or Bye-laws when laying complaints which do not have an unbroken line appearing against them.

of any such Reference the Section Committee concerned shall be treated as if they were in all respects a member being a party to an appeal under Rule 20.a.

**(b) Preservation of an established right of tenure**

**(1) Preservation of established rights where the times of two Fairs overlap.**

If two or more Fairs overlap in point of date in a particular year, a member who has established rights to tenure at both Fairs and who wishes to preserve the same must, not less than six weeks (or such lesser period as the Section Committee may consider reasonable) before the opening of the said Fairs or the earlier of them, notify the Section Committee concerned which of the two said Fairs he will attend, and apply to preserve his established rights of tenure in respect of the other, stating the name of the Lessee concerned and confirming that he has advised the lessee of such application, and provided further that not more than three successive applications (or such other number of annual applications as the Section Committee may by Bye-law provide) shall be so granted.

**(2) Upon such application being made the Section Committee may order that the member's established right of tenure be preserved at such other Fair. Any other member who occupies the ground or position in question at that other Fair shall acquire no rights of tenure in respect of such occupation.**

**(3) Applications for preservation of established rights of tenure where a member is unable to attend a Fair or when a Fair is not to be held.**

If a member who has an established right of tenure at a Fair is unable to attend such Fair, or if a Fair at which a member has such a right is not to be held in a particular year, such member must apply to the Section Committee concerned for the preservation of his said right, if he wishes to preserve the same and provided further that, not more than three successive applications (or such other number of annual applications as the Section Committee may by Bye-law provide) shall be so granted.

A Member shall only be regarded as unable to attend a Fair on one or more of the following grounds:

- (i) Ill-health of that Member or of a member of their immediate family;
- (ii) Bereavement;
- (iii) Unavailability of equipment due to malfunction;
- (iv) Where a tenant member wishes to operate a new business venture other than at travelling fairgrounds, in which case subsection (a) below applies;
- (v) Other circumstances beyond the relevant member's control (excluding circumstances where negotiations to hold/attend a Fair between a Landowner or Fair Organiser and an Amusement Operator, and negotiations to attend a Fair between a Fair Organiser and an Amusement Operator have failed).

If a tenant member, he shall state the name of the Lessee member concerned (confirming that he has advised the Lessee of such application) whereupon the Section Committee may order that the said right shall be preserved provided that any such application shall be made not less than six weeks before the date of the said Fair, unless the Section Committee shall in the circumstances of the case deem a lesser period before the said date to be reasonable; and provided further that not more than three successive annual applications (or such other number of annual applications as the Section Committee may by Bye-law provide up to a (maximum of five) shall be so granted. This clause shall not apply in cases where a member cannot attend a Fair due to occupation by a non-member (see a.(6) above). If a non-member Lessee's Fair is not held in any particular year it shall be the duty of the Section Committee

concerned, to make an order preserving the established rights of all the tenants concerned, without prior application from the tenants. Not more than three successive annual orders for preservation of established rights may be made under this Rule in respect of any one Fair. If an application is made under clause (1) above or this clause within six weeks after the opening date of a Fair the Section Committee may, nevertheless, order that the member concerned shall have an established right to the ground or position in question for the following year; provided they are satisfied that for any special reason he could not reasonably have applied before the Fair. The Section Committee may, if the circumstances so warrant, grant Preservation of Rights in excess of three years, but not exceeding five. Where a Section is a party to an objection it shall be referred by that Section to the Appeals Committee or to any of the three principal Officers of the Guild who shall appoint another section to hear the objection.

(a) Where a tenant member wishes to operate a new business venture, other than at travelling fairgrounds, a Section Committee shall have the authority to grant Preservation of Rights for a period covering no more than one calendar year. A member applying under this sub-rule shall comply with the time laid down in (1) above and shall supply with the application a list of the plots, Lessee names and fairs involved. He shall also confirm that he has notified all Lessees of the application. Such Lessees shall have the option to take the responsibility of re-letting the plot/s himself or herself or requiring the applicant to find a member or members to occupy the plot/s concerned. It is the responsibility of the applicant to ascertain which option the Lessee chooses. As provided elsewhere in the Rules the applicant shall be responsible for the payment of rent for unoccupied plots where he fails to find a sub-tenant.

**(4) Effect of an order for the preservation of rights of tenure**

If a Section Committee orders that a member's established right of tenure shall be preserved, the member shall be in the same position as if he had attended the Fair in question, and had held and occupied ground or position thereat; or (if the Fair was not to be held), as if the Fair had been held and he had attended it; and no other member who may hold and occupy the ground or position to which the preservation order is referable shall acquire any rights of tenure therein by reason of such holding and occupation.

**(5) Effect of an order for the preservation of a Lessee member's rights of tenure upon his sub-tenants**

If a Lessee member's established right of tenure is ordered to be preserved, such order shall be deemed to grant the preservation of the established rights (if any) of his tenant Members, as if they had applied individually for the preservation of such rights. (But tenant Members are advised to apply separately for preservation of their rights, in order that, if the Lessee member should fail to apply for or obtain preservation, their rights may not be lost).

**(6) Permission for sub-letting**

A member who proposes to sub-let ground or position to which he has an established right of tenure, and who wishes to ensure the continuance of his said right for the following year, must apply to the Section Committee concerned for formal permission to sub-let within the time stated in clause (1) above, stating the reasons for the application such reasons being consistent with the requirements of clauses (1) and (3) above, and enclosing the written approval of the Lessee member concerned. If the Lessee member refuses approval, the applicant shall so inform the Section Committee when the Lessees concerned shall be entitled to receive written notice of the date, time and place of the hearing of the application, and to appear before and to make written and/or oral representations to the said Section Committee who shall consider such

representations before granting or refusing their permission. If the Section Committee grant such permission (which shall be in their absolute discretion) the members rights shall be preserved without further application by him. Provided further that, not more than three successive applications (or such other number of annual applications as the Section Committee may, by Bye-Law provide), shall be granted.

- (7) The Section Committee shall advertise in "The World's Fair" or other approved Guild system all applications received under this sub-rule (b) at the cost of the applicant of £25.00, and it shall be the duty of a Section Committee to notify any Lessee concerned, in writing, as soon as any order for Preservation of Rights or for permission to sublet is made by them under this sub-rule (b). Should any member object to a Preservation of Rights or a permission to sublet they should put their objections in writing within 14 days of the date of the advert and send it to the Section Secretary along with a deposit of £25.00. The deposit to be returned if the objection is upheld. The £25.00 deposit will not be required if a member applies for Preservation of Rights on a fair that has been cancelled due to the Covid-19 pandemic.
  - (8) Any member granted preservation of established rights or permission to sub-let under this sub-rule b. shall remain responsible to the Lessee for the rent for the ground or position in question, without prejudice to any right, and said member may have to recover the said rent or any part thereof from the Lessee.
  - (9) A tenant member shall not be granted Preservation of Rights under clause (3) above unless he satisfies the Section Committee that at the date of application he has declared and paid for, under Rule 8 sub-rules a. to e. equipment with which he would be entitled to occupy the position. This also includes and applies to Lessee Rights.
  - (10) If any ground is curtailed at an Established Fair, the Lessee must advise the Section Secretary at least 28 days before the opening or a lesser time as circumstances permit, when the Section Committee may at their discretion investigate the circumstances in the interests of the Established tenants.
  - (11) In the event of any curtailment of ground arising at any Established Fair, Members who have lost their ground through curtailment, and who held Rights on their positions must be given the opportunity to take up their Rights on new positions. The method of allocation for positions shall be decided by the Section Committee at their absolute discretion, taking into account the Lessee's view.
- (c) Holding Rival Fairs**
- (1) A member shall not within a period of four weeks before the opening of a Fair (at which established rights exist) or within 22 days after the opening, if the Fair is still open, hold, occupy, let or take ground or position at a Fair (at which he does not have established rights) proposed to be held within one mile of that Fair, save that a Section Committee may by Bye-law reduce, but not increase, the times and distance prescribed by this sub-clause, and/or exclude altogether the operation of this subclause in respect of any specified area or areas within their jurisdiction. It shall also be an offence to contract or negotiate at any time for the holding of a Fair that would, if held, contravene the above times and distances.
  - (2) Where a Section Bye-law, at any time since 1 July 2017 has applied a time and/or distance less than those set out in sub-clause (1) above, that Section may not increase the time and/or distance set out in that Bye-law without first publishing its reasoning on its website(s) as to why the proposed increase in time and/or distance is necessary and proportionate in any specified area or areas within their jurisdiction to ensure the continued viability of the Fair or Fairs in question in the context of prevailing

local circumstances, in particular taking into account whether a greater number of Fairs could be sustained within the time and/or distance in question and the written views of the relevant Local Authority and the emergency services.

- (3) A Section that has not amended the time and distance set out in subclause (1) above by Bye-law, as well as a Section that has done so pursuant to sub-clause (2) above, shall review the matter of time and distance from time to time (and at least every five years) and decide whether in any specified area or areas within their jurisdiction such time and/or distance remain necessary and proportionate to ensure the continued viability of the Fair or Fairs in question in the context of prevailing local circumstances, in particular taking into account whether a greater number of Fairs could be sustained within the time and/or distance in question and the written views of the relevant Local Authority and emergency services.
- (4) A Member wishing to challenge a decision taken pursuant to sub-clause (2) or (3) above may appeal directly to an independent barrister at the Appeals Tribunal in accordance with Rule 20(m). The Appeals Tribunal may affirm, reverse or amend any decision taken under sub-clause (2) or (3) above."
- (5) The distance between two Fairs shall be deemed to be the distance between the respective entrances of such Fairs by which vehicles draw on and off the Fairground and shall be measured over the shortest route by which vehicles owned by Members may lawfully travel along the crown of the public highway.
  - (a) For the purposes of this Rule the distance between the respective entrances shall be that which the majority of members' equipment attending i.e. Rides, Shows, Juveniles, Caravans etc, may lawfully travel on a public highway.
- (6) The operation of any Equipment (without established rights to do so) outside the boundaries of a Fair, at which established rights exist, and within the time and distance above set out, shall constitute a Fair for the purpose of this sub-rule.
- (7) Notwithstanding anything in sub-rule (6) above, the attendance of Members with Equipment at events, festivals, galas, carnivals and local celebrations for the period of the event organised by a bona fide local council, committee or similar body, which do not have as their primary purpose the holding of a Fair, shall not constitute a Fair for the purposes of Rule 23 c., but the attendance of Members at such events, festivals, galas, carnivals and local celebrations which are within the time and distance of an established Fair will not entitle a member to any rights under Rule 23(a). Nothing in sub-rule (7) shall affect the right of a member with established rights to protect such rights under Rule 23(a).

## CIRCUS MEMBERSHIP

The following Resolution was passed by the Central Council at a meeting held on the 11th June, 1991.

Circus Members of The Showmen's Guild of Great Britain are subject to the following restrictions:

1. Elephants must receive substantial periods of free exercise each day, i.e. they are walked around by their trainer or allowed to graze in a secure compound. The most significant recent breakthrough has been the introduction of a portable barrier of a plastic mesh construction which is mildly electrified as with cattle, this allows the elephants complete freedom of movement.
2. Caged animals, including bears, must have adequate exercise areas to which they have access at all reasonable times of the day. They cannot be kept solely in their travelling cages.
3. Performing dogs must be kept on a domestic basis and allowed freedom of exercise.
4. Chimpanzees must not be kept beyond the age of seven years.
5. Animals such as camels and llamas must be kept in stall arrangements similar to horses, and during the day must be allowed freedom of grazing.
6. Members cannot travel with "display animals", i.e. cages of monkeys or non performing bears.
7. Members can travel only with animals which are performing or are in the process of being trained and are receiving constant exercise.

Failure to comply with the above and current veterinary programme of the Association of Circus Proprietors of Great Britain shall be an offence.

Unbroken line at left denotes rules under which complaints can be laid, subject to Section Bye-laws. However, members are advised the unbroken line is not exhaustive and they may wish to quote other rules or Bye-laws when laying complaints which do not have an unbroken line appearing against them.

## **Addendum: Decisions During the Pandemic**

The Covid-19 virus reached the UK in January 2020, and the UK Government announced a legally-enforced Stay at Home Order, or lockdown, on 23 March 2020 which placed restrictions on the public meeting face to face. Management Committee (MC) Meetings were held by teleconference or on Zoom as a result of this and subsequent restrictions. The number of MC meetings was increased (over twenty between March 2020 and May 2021) to respond to the rapidly changing restrictions and frequently contradictory information from the four UK administrations that affected Guild members. The Guild Year Books 2020-2021 and 2021-2022 were not able to be published.

The following is a summary of the key issues discussed and agreed by the Management Committee during the lockdown restrictions.

In March 2020 the MC resolved to try to start the 9/1 insurance when the government gave fairs permission to operate again. It was resolved that all outstanding disciplinary fines at all levels be suspended until the June MC when they would be reviewed. It was agreed that the app is the approved system for the Guild.

In April 2020 the MC considered legal advice from company solicitors which stated we could not hold a virtual Central Council, but we could hold MC meetings by virtual means. The MC are facing a difficult unprecedented situation. In order to be able to proceed, the MC would make resolutions, which could be ratified at the next Central Council meeting when it could legally be held. Changes to Rule 9 (g) were discussed so that in future the Rules would incorporate a provision for the Guild to be able to function via the MC in times of National Emergency only. Other changes to Rules were agreed to be recommended to Central Council in response to the specific challenges provided by the pandemic. The MC decided to grant a 90% discount in relation to 2020 subs.

In June 2020 the MC decided that the 9/1 policy would be renewed by the end of June and placed with the underwriters via JLT directly. A separate certificate from the Section Secretary would show what equipment an individual had registered when proof of the first £1 million insurance cover had been produced. The insurance fees would therefore be collected by the end of September in line with the subscription fees. The 10/10 policy would not be renewed this year but could be reviewed next year.

In July 2020 the MC resolved that if a member did not accept the 90% discount at the time of paying their subscription they would not receive a refund later.

In September 2020 it was resolved that Appeals meetings would be cancelled until February next year and Payment Plans would continue to be suspended.

In October it was decided that voting for Section committees should be by means of a ballot box in the Section office; if any Section was in 'lockdown' at the appointed time then voting should be held as soon as physically and legally possible.

In November 2020 MC resolved that due to the present situation the period for Sections to hold their ballot would be extended to the end of February 2021, Sections which can hold ballots consistent with Covid-19 restrictions should do so when possible. Until ballots were held the existing committees remain in situ, this to be reviewed at the end of February 2021. The MC resolved that the Officials - the Presidents and Treasurer - would stay in situ until such time as a Central Council meeting could be held.

In January 2021 the MC resolved to postpone the discussion regarding subscriptions until April, but not to refuse any member who wished to pay their subscription in full in February. It was resolved to remove Rule 21(i) in its entirety at the next Central Council due to a recent issue with the CMA.

In February 2021 it was resolved that Section committees would be left in place and be re-elected in November 2021. Sections to constitutionally hold their ballot, as soon as it was legally possible to do so.

In April 2021 it was resolved to charge full price for subscriptions for this subscriptions period and make no charge for PLI. Additionally, it was resolved that the due by date for subscriptions to go back to the normal due by date of the 29th June. It was resolved to re-use last year's membership cards and use stickers to cover last year's information if necessary to save costs.

It was decided to see what happens with the Covid-19 restrictions in the hope that we could schedule a Central Council meeting for after the 21st June or for as soon as we are possibly able to. It was decided that Sections to advise members when they call regarding PRS/PPL licences, to refer them to the Music licensing organisations to purchase their own. Members are responsible for their own licences as the Guild no longer has an agreement in place.

In May the MC decided to hold Central Council at the Union Jack Club, London in July. On Wednesday 21st July 2021 Central Council resolved to endorse the decisions by the Management Committee throughout this pandemic.

# The Showmen's Mental Health

awareness  
charity

Charity No: 1194695

We are a charity founded and run by people from the Showmen and Fairground communities. Our aim is to break the stigma surrounding mental health in our community. We do this by providing support, information and mental health services to Showmen of all ages in the UK & Republic of Ireland.

## OUR ACTIVITIES

### FREE THERAPY & COUNSELLING

The charity has its own mental health nurse who takes self referrals\* and can assess your current concerns. The nurse will then help you source the most suitable therapist or counsellor to support your mental health. We have a quick turn around and an accessible service. If you have found yourself on a waiting list, please get in touch as we may be able to speed up this process for you. We can also help with funding for private psychiatric assessments including (but not limited to) OCD and ADHD. The charity will provide you with 3 months of funding (12 sessions) for therapy services.

### EDUCATION

We provide lots of educational projects. These include: Mental Health in the Fairground Industry Workshops, The Youth Project and The Show Smart Campaign (which celebrates knowledge passed down from generations of Showmen). Please keep a look out for our educational programmes - we strongly encourage you to book on, we've received incredible feedback!

### AWARENESS

We're spreading the word in the community! Look out for an event that's happening near you. Check out our Facebook, Instagram and Twitter pages for the latest updates, as well as mental health advice and tips. Please get in touch if you would like to host an event and we can help support in any way!
